

## **Guidelines for Professional Training / Project**

### **Option 1: (Registering in Project Incubation Cell )**

- The Students can form a Team with a Maximum of 3 Members.
- The Team can Develop a Project Proposal ( Unique & Own Concept). Depending on the Complexity of the Project , the Project could be considered for PT1 or it can be Extended for PT2 and Main Project Also.
- Each Member should Pay Rs.2000 for Incubation Cell Registration.
- Project Guidance and Internship Certification will be provided through our Department Registered Industry Partners .

### **Option 2: (Registering for Training and Certification )**

- Individual Student can Register for any Certification Course provided by Pride Registered Industry Partners.
- If students take up a certification program offered by the department, they must complete the project assigned to them at the end of the course as part of their mini project.
- Certification will be issued on Successful Completion of Assessment and Mini Project.

### **Option 3: ( NPTEL & Other Online Certifications)**

- Courses that do not include a Proctoring Exam, such as those offered by Coursera, Udemy, and Internshala, etc., will Not be Accepted as part of the professional training Certification.
- In the case of an NPTEL Course, the Student can enroll in courses lasting 4/8/12 weeks. By the end of November, they should have finished the Proctored exam. If the Exam is canceled, they must show all of their assignments to the Guide and obtain Permission.
